

CSC-383 Fall 2008

Assignment #8

Due Oct. 29, 2008

1. This is a group assignment:
 - 1.1. Generate the function point analysis for your application (Use your Context Diagram and top level DFD)

Be sure to clearly discuss your analysis of the Value Adjustment Factors and how you evaluated them. Also be sure to provide some justification for the counts of the various files and data elements.
